

Google Scholar Provides Direct Export Capability

RefWorks Users can now set an export preference to send data from Google Scholar to their RefWorks account with the click of a button.

To set this feature up in Google Scholar:

1. From the Google Scholar search page (<http://scholar.google.com>), click on the **Scholar Preferences** link.
2. Scroll down to the **Bibliography Manager** section.
3. Select **Show Links** to Import into and select **RefWorks** from the drop-down.
4. Click **Save Preferences**.

To initiate a direct export to RefWorks:

(Note: only one record at a time will be exported to RefWorks.)

1. Conduct your search in Google Scholar
2. Each record displayed will have an **Import into RefWorks** link. Clicking on the link will launch the RefWorks login page.
3. Once you log in, you are brought automatically to the **Edit** view of the reference. If you do not wish to edit the record, you can navigate to any other area of RefWorks.
4. Your record is stored in your **Last Imported Folder**.
